

Instructions for Completing the 2009-2010 Federal PLUS Loan Data Form

If you have not previously borrowed a PLUS Loan at GW, or wish to change your lender, please follow the first time borrower instructions on our website. DO NOT complete this form.

1. Complete **every** field on the front of this form. It will assist us in receiving your PLUS funds as soon as possible from your lender.
2. If you do not know the name of your lender, your student can determine this information by looking on the GWeb system for you.
3. We will process the Federal Stafford Loan before we process a Federal PLUS Loan because the terms of the Federal Stafford Loan are more advantageous. It is the student's responsibility to ensure that we have all the proper documentation to complete the Federal Stafford Loan certification process.
4. Indicate the requested loan amount. You must specify an actual dollar amount. You are eligible to apply for up to the Cost of Attendance at GW minus any other aid the student will be receiving either from the university or any other agency.

The processing of aid for students enrolled in a distance education (DE) program is based on current federal regulations. The cost of attendance component for DE students includes tuition, fees, books and supplies (living expenses are not included.) A student enrolled in one of the DE programs is not eligible for University grants and/or scholarships.

Please return the completed Loan Data Form as quickly as possible so we can begin the processing of your loan. Please return completed form to:
